

Quality Bass Club

San Antonio, TX

(Federal 501(c)(7) Tax Exempt Sports and Recreation Organization)

Dear Prospective Supporter:

June 12, 2013

I would like to introduce you to Quality Bass Club based in San Antonio, Texas, and solicit your support.

Our club's mission is furthering the sport of fishing through local events, community service, environmental education and youth fishing.

In order to support our community, future fishermen and our club, we will hold our annual fish fry, raffle and auction on August 24, 2013. This letter is presented to ask for your assistance in this endeavor. We realize you receive many requests each year, but any donation of merchandise, services, promotional items or money would be greatly appreciated.

Funds raised from this event have enabled us to be active in these various projects:

- Christmas food drives
- Angel Tree project (toys for needy children)
- Autistic Children's Center
- Santa Rosa Children's Hospital
- B.A.S.S. Casting Kids (a project to promote youth fishing)
- Catch a Special Thrill (CAST) for Kids
- Fishing for Freedom events (taking Armed Forces members recovering from injuries from defending our freedom to Choke Canyon for a day of fishing and fellowship as a thank you)
 - Environmental and conservation projects
 - Additionally, this event helps our Top Six anglers defray tournament costs in the annual Texas B.A.S.S Federation Nation Top Six tournament, a stepping-stone to the B.A.S.S. Bassmaster's Classic

Please feel free to visit us at <http://www.qualitybass.org> and view photos from past events and activities or e-mail contact us through the web page.

On behalf of the entire Quality Bass Club, we thank you for any support you can provide. We would love to add you to our web page of wonderful sponsors.

Sincerely,

Adam Johanson
President
Quality Bass Club
